

# Certificate of Analysis

## Product Information

**Product Name:** 25-OH Vitamin D3, BSA Conjugated

**Cat. No** T00101

**Quantity:** Specified on product label

**Presentation:** Present in PBS, pH 7.4, containing 0.03% Proclin 300.

**Conjugation** BSA

**Storage:** The product remains stable up to two year at -20°C or below from date of receipt. Avoid repeated freezing and thawing cycles.

**Lot No.** 18A001419

## QC Results

Characteristics	Methods	Results
Reactivity	Capable to interact with 25-OH Vitamin D3 antibody in ELISA assay	Pass

**Date:**01/30/2018

**Approved by:**

**Antibody Production Director**
